Paul Mitchell The School San Diego

ADMISSION PROCEDURES

The following admissions procedures apply to all new and transfer students. Transfer students are required to complete additional requirements if they would like their prior academic coursework to be considered for the awarding of transfer credits (please see the Transfer Students section of the catalog).

1. **Complete an Application for Admission:** Complete and submit the application for admission. The application for admission may be obtained from an admissions advisor.
2. **Pay the Application Fee:** The application fee of $25.00 can be paid in the form of cash, credit card or personal check payable to Paul Mitchell The School San Diego. A application for admission cannot be processed until the application fee is received. The application fee is not included in the cost of tuition and must be paid prior to being admitted to the school. The school may opt to waive the application fee for students who transfer from a school that has closed without notice
3. **Interview:** All applicants must complete an interview with an admission's advisor.
4. **Provide Proof of Identity:** Applicants are required to provide proof of identification as part of the application admission process. The school will maintain a copy of the identification presented as part of the student's admission file.
   Acceptable forms of photo identification include:

       - Contain a photograph of the applicant
       - Be an original document
       - Be current and valid: *expired documents are not acceptable*
       - Match the name used in the application
         a. If name has changed, supporting documentation including but not limited to marriage certificate, court approval documentation or related documents are required.
5. **High School or Equivalent Verification Documents:** Applicants must demonstrate that they meet the High School requirements. The school considers a high school diploma, high school transcripts, GED certificate, GED transcript or high school equivalency certificate valid if granted by a high school or agency/program accredited or recognized by a state department of education (e.g. The State of California Department of Education).

A student's self-certification is not sufficient to validate a high school diploma or high school equivalency certificate or that they have completed secondary school through homeschooling as defined by state law.
If we determine that your diploma or high school equivalency diploma is not valid you will be denied admission to the school.
Applications who have completed their high school requirements early, but the high school does not formally issue the high school diploma until a later time must submit a signed and dated statement by an official from the high school attesting that the student has completed all of the required coursework and has successfully passed any required proficiency examinations for the high school diploma. The statement must include the date when the actual high school diploma will be issued.

Students who are homeschooled must be able to demonstrate and document that they meet their states high school graduation requirements. Secondary school education at a homeschool is valid if their secondary school education was in a homeschool that state law treats as a home or private school (see https://hslda.org/legal for requirements for each state). Applicants who completed homeschooling must submit their high school transcripts for review and evaluation.

Applicants who received their high school diploma in another country are required to submit their official high school transcripts to a foreign credentialing evaluation service.

Please note the document must be translated into English by a certified translator and accompanied by an evaluation of a credentialed evaluation service certifying it is equivalent to a U.S. high school diploma. We can accept credentials translated and evaluated by any agency under NACES. A list of approved agencies is located at NACES (National Association of Credential Evaluation Services) under: https://www.naces.org/members. We must receive a credential report directly from the evaluation services. Copies will not be accepted. Applicants are responsible for paying the costs of the translation and evaluation.

Applicants who have successfully completed at least a two-year college-level program that did not result in the awarding of an associate degree must submit official college transcripts demonstrating successful completion of at least 60 semester or trimester credits hours or 72 quarter credit hours that is acceptable for full credit towards a bachelor's degree at an institution.

Applicants who have successfully completed an associate degree or bachelor's degree may show completion of the degree by providing the degree or official transcripts.

Note that merely possessing a certificate of attendance and/or high school completion is not sufficient for a student to be Title IV aid eligible.

Any high school that meets the above definition for a diploma mill, will not be recognized as a valid high school for admissions or Title IV aid purposes.

Paul Mitchell The School San Diego does not recruit students who are already enrolled in a similar program at another institution.

Admitted students who would like to request a reasonable accommodation under the Americans with Disabilities Act should contact the ADA Compliance Coordinator

Paul Mitchell The School San Diego accepts re-entry students if they qualify. Please review the re-entry policy for specific requirements.

Once an applicant has completed the process to apply to the school, the admissions team and director reviews each applicant and their required application materials to determine if the applicant will be admitted.

The applicant will be notified of the decision in writing.

If the applicant is admitted, they will be notified of the next steps to enroll in their academic program.

Applicants who wish to appeal a denial decision must submit a written appeal to the School Director. The Director will review the reasons for denial and may conduct a secondary interview or provide a written response within 30 days of receiving the appeal. Appeals will not be considered if the denial is based on failure to meet minimum education requirements or on the submission of false information during the admissions process.

Acceptance for enrollment is contingent upon the accepted student's continued demonstration of professional conduct and adherence to institutional standards. Paul Mitchell The School San Diego reserves the right to rescind an offer of acceptance at its sole discretion prior to the student's class start date.
